

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF ALASKA

UNITED STATES OF AMERICA,

Plaintiff,

vs.

JAY ALLEN JOHNSON,

Defendant.

Case No. 4:21-CR-00019-RRB-SAO

MOTION REQUESTING BAIL REVIEW HEARING

I certify this document and its attachments do not contain the (1) name of a victim of a sexual offense listed in AS 12.61.140 or (2) residence or business address or telephone number of a victim of or witness to any offense unless it is an address identifying the place of a crime or an address or telephone number in a transcript of a court proceeding and disclosure of the information was ordered by the court.

COME NOW Defendant, Jay Johnson, by and through his attorney of record Jason A. Weiner, of Jason Weiner and Associates P.C., and hereby moves the court to schedule a bail review hearing in the above-captioned matter.

The Defendant would like to propose a 24 hour sight and sound third party custodian. Attached is the proposed third party's information for the court and state's attorney to review. Mr. Johnson is also able to post \$1,000. Mr. Johnson is also willing to submit to GPS electronic monitoring and drug/alcohol monitoring with travel conditions. Defendant will comply with any and all other conditions of release, including but not limited to no alcohol, no firearms, and no weapons.

Mr. Johnson also wishes to make the Court aware that he has several medical issues that make his incarceration under the current conditions (in a 12 foot by 12 foot cell) dangerous and extremely painful. Mr. Johnson is 65 years old. Mr. Johnson has been experiencing chest pains.

Upon arrival at FCC, his blood pressure was 176/110, and about a week ago it was 116/110. Mr. Johnson continues to complain to the medical personnel at FCC and receives no response. A simple google search for blood pressure 116/110 says this indicates Hypertension Stage 3. It is the most severe case of high blood pressure and usually needs immediate attention by a doctor or health care professional. It is also referred to as Hypertensive Crisis. Mr. Johnson also recently had knee surgery and needed to have physical therapy after the surgery. Mr. Johnson can only walk around the 12 x 12 room when his cell mates are asleep, and cannot do any of his recommended exercises.

The above release plan is extremely secure, with every measure of protection. The alleged victims are often not in the Fairbanks area, and have security personnel available to them at all times. Mr. Johnson will be monitored, both by his third party and GPS electronic monitoring, 24 hours a day, seven days a week. He will be able to get the medical care that he needs, which at present for reasons which appear to be related to overcrowding at the Fairbanks jail and COVID, amongst other issues. In light of the secure release plan, Mr. Johnson's medical conditions, and the conditions at the jail during this pandemic, Mr. Johnson seeks release under the release plan set forth above.

DATED on the 9 day of November, 2021, at Fairbanks, Alaska.
